COACHING SKILLS – THE Management Tool for the 21st Century

Ever noticed how some people always seem to get the best out of themselves and others? How they engage so effectively with those around them?

They are probably using coaching skills!

COACHING HIGH PERFORMING TEAMS

Our unique Coaching High Performing Teams training programme has been SPECIALLY DEVELOPED by our **highly experienced** and **fully qualified coaches** to equip you with an understanding of the fundamental skills of coaching, enabling you to drive individual and organisational performance.

This programme will teach you the core elements of non-directive coaching skills, and will help you to understand your role and responsibility as a manager/coach to effectively release potential in your team/colleagues by creating a strong, motivated workforce. The programme includes effective listening and questioning skills, recognising how values and beliefs affect behaviour and how to

structure a coaching conversation.

The programme is delivered over three days on Tuesday and Wednesday 5th & 6th October, and Tuesday 2nd November, 2010.

100s of people have already benefited from OUR **COACHING HIGH PERFORMING TEAMS** programme!
